RE: Burial Service for Marguerite Rich Ayers

I regret that I cannot be present but my prayers for Peggy (Marguerite) are offered with all of yours on this occasion.

She was loved by so many of her relatives and friends and especially by me her husband. We were married for 17 years, and shared many happy times together. She is missed for her friendliness and care for people. She gave so much and asked for so little. My memories are filled with pleasant times over the seventeen years and her light will always shine in my heart.
