Sunday P. M., 16 - 66

Dear Bob and all, was
real glad to get a note
from you, But as for me
giving much enlightenment
on the family tree is
all most as obsolete
as you, However Cora
has told me who Arthur
mother's name, and he had
a sister, and Fred was
his half brother, Felix's
grandmother said Mrs
Bowie came from Mississippi
and lived on the Watson
farm below him, on the
hill, said they lived
there several yrs till
Arthur was old enough
to work in store in
Newport, and then he
moved his mom up

There, and that's all I know.
 Your great grandfather
~~and~~ Capt. Felix Dimmons
 and Grand name was
 Theodora Saxon, before Monig.
 She and Papa Felix came
 from Florida in a covered
 Wagon and settled there
 where they all ways lived,
 on the Hill where Cora's
 Dad was born, and
 He lived and raised
 all his children there,
 your grandmother was
 Name ~~Dimmons~~ Katenberg, I didn't
 know her people but
 have tried so hard to
 find out, Cora never
 did know either.
 My children get to talking
 some time said they
 would like to know

about my³ Fathers people too
But all I know was their
Names and they lived
in Ohio My Dad wandered
South in Lumber Biz,
and went home to see
them once a year we
never seemed to have
money enough to make
trip with him for a while
and after he died we
lost all track of them
Do you and I have
something in common
Do dont feel too bad
about it I hate the way
it was in Bible times
Just be glad honey of
your family, For we
know our background
was, O, K, I never heard
of any of them

Being in jail ⁴Went up to
see Max on business
last week, said our
Cora seemed better physically
But still has such bad
memory, you will never
know how much I've
missed her, Marge has
just left and said
some warm day she
would come take me
to see her, Bless her
dear sweet heart she was
all ways so precious
to me, and she loved
you so son, We wonder
why some times why
these things happen to
us some times Felix
gets like that, I worry
all time, But he really
is getting' better, and

Not too much better
 am so crippled up,
 Get real disgusted
 with myself, But just
 one of those things,
 As I hope a long Rd
 much better than being
 bed fast, I was like
 that for about 11 months
 Honey you all come
 see us come over
 some weekend you have
 off, yes I knew about
 Dove, she really has
 had a time of it,
 Love to all
 Aunt Sel
